 Yes (1)

A10. Primary caregiver has/had a mental health problem.

- No (0)  
 One or more apply (1)  
     During the last 12 months  
     Prior to the last 12 months

**TOTAL ABUSE SCALE SCORE: 1**

**SCORED RISK LEVEL.** Assign the family's scored risk level based on the highest score on either the neglect or abuse indices, using the following chart:

Neglect Score	Abuse Score	Scored Risk Level
<input checked="" type="checkbox"/> -1-0	<input checked="" type="checkbox"/> -1-0	<input checked="" type="checkbox"/> Low
<input type="checkbox"/> 2-5	<input type="checkbox"/> 1-3	<input type="checkbox"/> Moderate
<input type="checkbox"/> 6-8	<input type="checkbox"/> 4-5	<input type="checkbox"/> High
<input type="checkbox"/> 9+	<input type="checkbox"/> 6+	<input type="checkbox"/> Very High

**POLICY OVERRIDES.** Check the box if a condition shown below is applicable. If any condition is applicable, override the final risk level to very high.

- Sexual abuse AND the perpetrator is likely to have access to the child/ victim
- Non-accidental injury to a child under age 2
- Severe non-accidental injury
- Caregiver action or inaction resulted in the death of a child due to abuse or neglect (previous or current).
- Other

**DISCRETIONARY OVERRIDE:** If yes, override risk level (mark one):

- Moderate
- High
- Very High

***Discretionary override reason:*** *The child has characteristics (homosexuality) which the guardians find repugnant. Despite work with them around this issue, they are unwilling to accept the child as he is and they condemn him. They continue to accept no responsibility for the abuse that occurred and have refused to participate in services. The determination has been made that the child remains at high risk for further abuse if he returns to the current situation.*

**FINAL RISK LEVEL** (mark final level assigned):

- Low
- Moderate
- High
- Very High
